## Let's feel the fun of the thrilling Luge in Gangchon

The Elysian Gangchon is going to open 'Luge' facility which is non-powered specially made cart in Spring 2019. Elysian Gangchon, an hour by train ride from Seoul, doubled the excitement utilizing ski slopes 100% with optimum conditions for Luge such as the grade of the ski slopes. the course curve and the course difficulty.

The fact that you can enjoy the stunning scenery of the North River and the Mt, Gumbong is also a big attraction.

Luge is a dynamic experiential leports that you can ride specially crafted cart without special power units, down the track using only the gravity and the grade of the landscape, it is a non-powered sled without wheels, but allows adjustment of direction and brake control that it can be enjoyed by children to adults. The track with gradual grade and the repeated curve course gives you the sensation of speed and thrill. It is a leisure sports that men and women of all ages can enjoy just with a protective hard hat.
